RE: **1992 YEAR END CRIME RATE REPORT**

Attached is the *1992 Crime Rate Report* which provides quantitative summaries on crime-related information within the City of Boston. This annual report is being released one month ahead of last year's schedule, and reflects the added graphing and analysis capabilities now available within the OSPPD [as well as throughout the Department] through the recent acquisition of enhanced computer equipment and software. Over the coming months, we anticipate a more timely production of the monthly Crime Rate Report, as well as more graph-oriented information displays.

The "highlights" of 1992 included:

- ◆ The fewest number of recorded Part One crimes since 1974, with a nine percent (9%) decrease over 1991, and a 17 percent decrease over 1990;
- ◆ The fewest reported overall robberies since 1971 [with the greatest decrease occurring in firearms-related robberies];
- ◆ The fewest reported overall property crimes since 1974;
- ◆ A 27 percent overall clearance rate for Part One crimes [versus a 21% national average];
- ◆ Citywide drug arrests continue to decrease (-6%), as well as D.C.U. arrests (-20%);
- ◆ The overall number of calls for service [by all priorities] decreased by two (2) percent [or 13,473] over 1991;
- ◆ 112,621 moving violations were issued;
- ◆ 25,507 FIOs were conducted; and
- ◆ The overall response time for Priority One calls averaged seven (7) minutes, and 10 minutes for all priorities.

If you or any other member of the Department require any additional information, you may contact either myself or the other OSPPD contributors to this document [James Moore, Luis Garcia, Dominic Abbatangelo or Don McGough] with the inquiry.

The F.B.I.'s Uniform Crime Reporting (UCR) Program is the primary crime data collection program within the United States. The Boston Police Department provides monthly and annual crime figures in accordance with their established criterion.

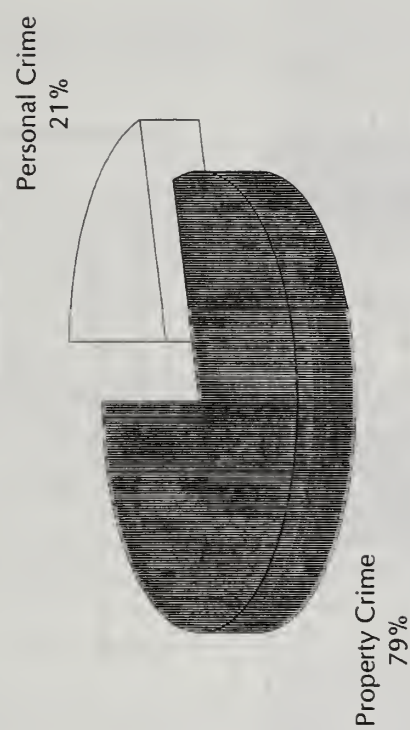

* Please note that two (2) homicides included in our 1992 total count occurred on MBTA property, and will therefore not be reflected in UCR Program's annual report.

** One homicide incident occurring in April which may be determined as justifiable is included in the total count for District B-2.
